Re: Automatic Locks and Backpacks

Dear Fellow Trojans,

When students return for the start of the 2018-2019 school year on Thursday, August 9th, all schools will be using a new school entrance system. All doors will be locked and secured at all times during the academic day. Please do not be offended if you are asked to show photo identification, or if you have to wait a few minutes to be allowed into the building. We want to ensure our schools are as safe as possible. All school personnel at each of the three buildings will be using this new system.

Another school safety measure we will begin this year is not allowing students to have book bags, backpacks, purses, coats, etc. within the classroom during the school day. Exceptions will be made for Chromebook cases and devices. Office personnel will also take into consideration injuries.

We will continue to revisit all school safety plans, and work for other ways to improve school safety.

If there are any questions, concerns, or questions, please feel free to contact me directly via email pculp@wcsc.k12.in.us or at my office: (219)567-9119 ext. 1501.

Yours in Education,

Pat Culp

Patrick M. Culp
